► Frequently Asked Questions

Q: How is the mileage total calculated for Drive Reimbursement?

A: Our system is configured with Google Maps, who sends us a total based on its own calculations. We cannot override this calculation. Should our total not match what the subject drove, an “Add Other” payment may be entered for the difference, or a Manual Payment, if the “Add Other” option is not available.

Q: How is the ClinCard used by patients?

A patient can use their ClinCard for:

1. *In-Store Purchases, selecting either “Credit” or “Debit” (“Debit” option requires PIN)*
 - *Using the “Debit” option will allow patients to select “cash back” option*
2. *Online Purchases*
3. *Cash Withdrawals at ATMs (requires PIN)*

4. Cash Advances at a Banks

- Patient must know the available balance on the card and inform the teller of the amount they would like to withdraw. Tellers are unable to check your balance.
- Patient presents the teller with their signed ClinCard and a valid government-issued photo ID
- The ClinCard is accepted at all MasterCard member banks (look for a MasterCard logo on the bank window/entrance)

Q: Is there a fee for withdrawing amounts at an ATM?

If a patient would like the convenience of using the ClinCard at an ATM, they will be subject to fees which vary based on location.

However, there are alternate methods that a patient can get cash without incurring any fees: A) By presenting their ClinCard, along with a valid state ID, to a teller at a bank, or B) Selecting the “cash back” option when making an in-store “debit” purchase.

Q: Can the debit card be used as a credit card?

Yes. At the terminal a patient may press “credit,” which allows them to sign for the transaction rather than enter a PIN. However, some terminals will automatically request a PIN once a card has been swiped. In such cases, the patient should either press “cancel” to be able to sign or tell the cashier they want to sign for their transaction.

Q: How does a patient activate their ClinCard?

The ClinCard is active once the first payment is loaded. The patient will need to sign the back of their card and then can immediately begin using it by selecting the “credit” option in stores or online.

Q: How do I request more ClinCards?

Please contact site support at support@greenphire.com or 215-609-4378 and indicate the number of additional cards that you require. Your replenishment cards should arrive in about 3 business days.

Q: How does a patient obtain their PIN?

The patient needs to call Customer Service at 1-866-952-3795 and follow the prompts through the IVR:

- 1) Press 1 for English or 2 for Spanish
- 2) Press 2 (to activate card & for account information)
- 3) Enter your 16-digit card number, followed by the “#” sign
- 4) Enter 3-digit security number (located on the back of card), followed by the “#” sign
- 5) Enter a 4-digit PIN of your choosing, followed by the “#” sign
- 6) Re-enter the same 4-digit PIN as confirmation, followed by the “#” sign

Q: What happens if a patient loses their ClinCard?

The patient should notify the site and the study coordinator will be able to replace it for them. By replacing the card in the ClinCard Portal, the old card will automatically be inactivated, rendering it unusable. Additionally, any funds remaining on the old card will automatically be transferred onto the new card.

Alternatively, the patient can call customer service to replace their card, however, there is a \$7.00 fee for replacement and it will take 7-10 days to receive by mail.

Q: What contact information is required to register a patient?

We require the following data fields be populated in order to register a patient and assign them a ClinCard:

- *Subject ID*
- *Name*
- *Initials*
- *Address*
- *Date of Birth (DOB)*

However, if a patient opts-in to receive messaging, which is not required, an email address and/or cell phone number will be required, depending on the method of contact they prefer. The patient can opt-out of messaging at any time, allowing the email address and/or cell phone number to be permanently deleted from the system.

All patient information is stored in a secure fashion and data is never shared with parties outside of Greenphire. Information collected is used when booking travel and by customer service in order to securely verify a patient's identity when calling for assistance.

Q: What if a payment is made in error?

If a payment is made in error, immediately contact site support at support@greenphire.com or 215-609-4378, and Greenphire can void the payment and remove the funds from the ClinCard. However, if the funds have already been spent, there is no way to void the payment and remove the funds.

Q: What should I do with unused/unissued ClinCards?

If you have unused/unissued ClinCards, contact site support at support@greenphire.com or 215-609-4378, and Greenphire will provide information accordingly.
